

Mechatronics Engineer for Retrofits (m/f/d)

Fulltime | Hart bei Graz, Austria

#yourmission

- Together with our team, you extend the life cycle of our systems and make our proven technology fit for tomorrow.
- You are a specialist in the field of mechatronics and network IT.
- You consider working with different technologies and updating them to the state of the art the perfect challenge for you.
- You use the project preparation at KNAPP in Graz as a chance to foster successful collaboration.
- You support all adjacent functional departments with your expertise and creativity.
- You enjoy working with industrial printers, industrial computers and network hardware.
- You expand your skills through the implementation of new solutions as well as the modernization and optimization of customers' systems on site.
- You consider analyzing, testing and recording developed measures as well as training customer technicians on site to be the basis for achieving highest customer satisfaction.

#youareknapp

- Ideally, you already have multiple years of experience at an international concern.
- You have solid knowledge of Linux and hardware and good knowledge of networks and IT.
- Knowledge of other applications (such as Herma) and printers (HP, Zebra) is a plus.
- Basic technical education (apprenticeship or technical college) completes your skillset.
- You speak German and English very well.
- Working in an international, dynamic team is your thing. You are open-minded and enjoy traveling (approx. 60%).
- You are able to complete your tasks reliably with respect to work quality and deadlines, even under pressure.
- You are particularly good at recognizing potential for improvement and you enjoy being at the forefront of turning this potential into creative and dynamic processes and solutions.

#weareknapp

You will be given the opportunity to be a pioneer: shape and help develop a rapidly growing and dynamic

department in a worldwide leading group of companies with your experience and expertise. You will have plenty of freedom and will be trusted with many responsibilities. A minimum salary of EUR 2,650 gross per month applies for this position. Depending on your qualifications and experience, we offer a salary in line with industry standards. Additionally, depending on the amount of travel, you will receive a monthly compensation for expenses of up to EUR 1,000 net, as well as allowances of up to EUR 1,000 gross.
