

Software Consultant – Sales & Implementation (m/f/d)

Fulltime | Dobl-Zwaring, Österreich

redPILOT GmbH is a young, successful and internationally active subsidiary of KNAPP AG. redPILOT develops innovative software – an „autopilot“ – to optimise the use of resources in intralogistics.

#yourmission

Your area of responsibility

- Through intensive discussions with our potential customers, you develop a clear picture about how redPILOT is able to optimise their operations
- Based on this knowledge, you will configure our Operational Excellence software and guide our development team in case of new product requirements
- You will be the key contact for specific customers, responsible through all phases starting with sales, project implementation, as well as service for “your” customers.

#youareknapp

Your profile

- You enjoy dealing with customers and other KNAPP organizations.
- You have an education/experience in logistics, software, organization and/or management.
- You are customer- and success-oriented, work independently, are communicative and creative.
- You have an analytical and systematic way of working.
- You have a pronounced understanding of processes.
- You can abstract and find the right methods to communicate effectively.
- You are willing to continuously develop your professional knowledge and personal skills.
- You are fluent in written and spoken English, other foreign languages are an advantage.
- Your willingness to travel amounts to approx. 50%.

#weareknapp

We offer you

- Work in a young, dynamic company with short information paths.
- Use of „leading-edge“ technologies (e.g. Apache Kafka, Kubernetes, OIDC).
- Open, respectful and motivating communication.
- Flexible working hours.
- Modern working environment with well-known, world-leading customers.
- Very good canteen, darts or table tennis in the lunch break, team events.
- Professional and personal training programs as well as working in a motivated team, in which the willingness to take responsibility and the enthusiasm for the implementation of ideas are welcome.
- A minimum gross salary of EUR 3950,- per month applies to this position. However, we offer payment in line with the market, depending on your qualifications and previous experience.
