

Teamleader Project Pre-Realization (m/f/d)

Fulltime | Hart bei Graz, Austria

#yourmission

- You are responsible for the organizational and technical leadership in the Strategic Development Implementation department
- You act as an expert and technical contact person for your team members and other departments
- Together with your manager, you will develop concepts and strategies for the further development of your team and area of responsibility
- Ensuring a smooth process flow in your area of responsibility is just as much a part of your tasks as the timely and professional implementation of team tasks and goals
- Your work makes a significant contribution to facilitating the work of the global commissioning team and is therefore of particular strategic importance

#youareknapp

- You have several years of experience in the field of PLC commissioning
- You have knowledge of Siemens Step 7 applications and their components as well as knowledge of software development
- You go the extra mile to successfully implement strategic projects and achieve departmental goals, whereby reliability and independence characterize you
- Your social skills and empathy support you in making well-founded decisions
- Openness and curiosity drive you to continuously develop personally and professionally

#weareknapp

After several years as a commissioning engineer, you are now ready for the next step in your career. In this job, variety is guaranteed and you will work with your colleagues on future-oriented projects. This position is remunerated with at least € 4,205 gross (KV for employees in the metal industry, VWGr V/i1u2J.). Our employees impress with their personality, talent and commitment. We therefore determine your gross salary individually with you. An overpayment of the above salary is possible depending on your professional qualifications and experience.
