Senior SAP ABAP Developer (m/f/d)

Vollzeit | Sofia, Österreich

#yourmission

- You work together in a team to develop highly complex, cutting-edge solutions for the automated warehouses, tailored to meet the needs of our major international customers.
- Your solutions control robots, autonomous shuttles, and other advanced technologies worldwide, ensuring that pharmacies, retail stores, and online shops maintain optimal inventory levels.
- You take full control of your time by choosing to focus entirely on programming tasks or by allocating parts of your time to SAP EWM customization and project management activities.
- You are an architect, mentor and role model for in your team, providing expert guidance on technical challenges and exemplify best practices.

#youareknapp

- You have experience in object-oriented programming e.g. Java, C++ and/or in the ABAP development.
- Ideally, you have experience of logistics solutions, e.g. based on SAP MM/ WM/ EWM or you have strong interest to deep dive into it.
- In addition to the experience in ABAP Objects, you also optionally have knowledge of ITSmobile, Web Dynpro ABAP, HANA or UI5.
- You enjoy working in an interdisciplinary team of developers, SAP EWM consultants and software project managers.
- You communicate clearly, actively approach people, make suggestions for improvement and support your colleagues.
- Your way of working is organized and structured. You keep track of appointments and prioritize your tasks.
- Your knowledge of English will enable you to easily communicate with us and our customers.

#weareknapp
