

Project Governance (m/f/d) – Business Unit

Fulltime | Hart bei Graz, Austria

#yourmission

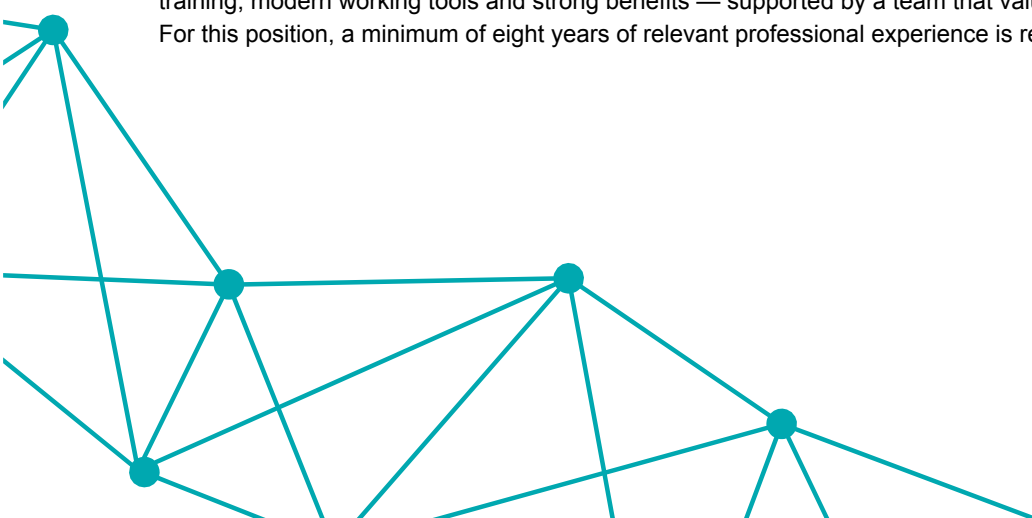

- Responsible for ensuring high-quality, on-time and scope-compliant delivery of all Implementation projects within the Business Unit.
- Ensures transparent communication on status, risks and needed decisions to avoid escalations at an early stage.
- Critically reviews logistics concepts, project progress and schedules while actively promoting continuous improvements.
- Aligns decisions jointly with the Business Unit whenever topics lie outside the project organization.
- Participates in management and steering meetings, conducts project-related site visits, attends customer appointments and supports test phases both on site and in-house.
- Requests additional resources from the line-organization and provides structured feedback and improvement impulses.
- Measures success through relevant KPIs such as on time delivery, quality and escalation prevention.

#youareknapp

- Several years of experience in managing logistics or intralogistics projects and the ability to think in interconnected systems.
- A technical or business-related education (FH/University) combined with strong project management skills is required.
- Strong understanding of intralogistics processes and operational workflows, ideally including KNAPP systems.
- Confident, decisive and solution-oriented behavior, even in unclear or demanding situations.
- Ability to lead through influence, motivate teams and actively share knowledge.
- Confident communication skills in both German and English, combined with willingness to travel.

#weareknapp

We provide an environment where you truly steer rather than merely report: international projects, continuous training, modern working tools and strong benefits — supported by a team that values responsibility and courage. For this position, a minimum of eight years of relevant professional experience is required. The collective agreement

minimum salary is EUR 4,371.19 gross per month. A market-aligned overpayment is offered depending on qualifications and experience.
