What will you do?

- Lead and establish the Health & Safety function in KNAPP Israel, including shaping processes and safety culture
- Take full ownership of H&S across all company activities – operational sites and ongoing projects, including planning phases
- Ensure compliance with local regulations and align with KNAPP global standards
- Advise senior management on safety legislation and lead action plans to ensure company-wide compliance
- Support risk assessments, safety inspections, and audits;
- Investigate incidents and drive corrective and preventive actions
- Build and deliver safety training programs, based on organizational needs
- Monitor and support data accuracy and reporting via internal systems
- Prepare and present reports to global H&S teams, leadership, and relevant committees
- Coordinate and communicate updates on safety regulations, standards, and internal guidelines

Job requirements:

- Certified Safety Officer (approved by the Israeli Ministry of Labor)
- At least 2 years of experience in a similar role (ideal as a second / third position)
- Experience in industrial, operational, or project-based environments
- High level of English (spoken and written)

What will help you succeed?

- proactive mindset with the ability to initiate, build, and drive processes independently
- Strong leadership skills with the ability to engage stakeholders at all levels
- Excellent communication and presentation skills
- Creative thinking, flexibility, and an open-minded approach

This is a unique opportunity to take on a high-impact, end-to-end role, where you will not only ensure compliance – but also shape the safety culture and standards of KNAPP Israel from the ground up, in close collaboration with global experts.

If safety is your passion and if you enjoy building processes from the ground up – we would love to meet you, please send your CV to gal.vaknin@knapp.com
