Senior Software Projektmanager (m/f/d)

Fulltime | Raaba-Grambach, Austria

We, KNAPP IT Solutions GmbH, are experts in the implementation of software solutions in the logistics and automation sector.

#yourmission

- You are responsible for coordinating and controlling all project activities in a project team of around 10 people that implements SAP software in automated warehouses worldwide.
- You are the interface between your project team and the customer as well as between the IT and business department.
- You lead the project team and the customer on a common path and support the design of sophisticated process and material flows.
- Through appropriate monitoring, active project management, resource planning and risk management, you ensure that the projects run successfully (on time, on budget and in quality).

#youareknapp

- You have a business and/or technical education (Uni/FH).
- You already have several years of experience with software development projects or software implementation projects in a leading project role.
- You strive to take on responsibility in projects with renowned customers and to prove your skills.
- You maintain an overview even in stressful situations.
- Due to your solution-oriented attitude, you don't lose yourself in problems, but look for opportunities and alternatives in order to cope with challenging situations in the best possible way.
- You are communicative, have a confident manner and can convince customers.
- You like to travel and therefore have a willingness to travel approx. 25% of your working time.
