

Junior SAP® Consultant (m/f/d)

fulltime | Sofia,

#yourmission

- You will work intensively with a warehouse management software (SAP® EWM) that we are implementing for well-known customers around the world.
- You understand and identify the requirements of our customers' warehouses and advise them on their future business processes for optimal use of their logistics system.
- You define solutions and the complete specifications for the customers together with your project team.
- You implement the agreed solutions in SAP® EWM (warehouse management software) together with your project team (customizing, gap lists, testing, etc.)
- You ensure a smooth implementation at the customer's warehouses (commissioning, Go-Live, Hypercare).
- You train the customers in selected processes and support them in implementing the solution on site.

#youareknapp

- You have a technical or economic education (colleges or university degree) OR professional experience in technology.
- You are able to recognize complex interrelationships and structure them accordingly.
- You can quickly familiarize yourself with demanding processes and material flow sequences.
- English spoken and written fluently, other foreign languages are an advantage (especially German), travel activities around 30%

#weareknapp

At KNAPP IT Solutions, we are both KNAPP and SAP, combining the best of both worlds. Two worlds of excellence ? KNAPP the leading global technological expert for intelligent and automated solutions for logistics, intralogistics, and production, and SAP ? the world's largest provider of company applications, the premiere business software.

We will make you a SAP® Logistics Expert in a range of positions. We offer you the chance to work in intercultural project teams with well-known customers worldwide and to take on responsibility very quickly. As a member of our 100 employees in Sofia/Bulgaria, Graz/Austria and Würzburg/Germany you will experience an appreciative environment with interaction on a first-name basis, flat hierarchies, and future security (KNAPP and SAP internationally successful and future-oriented companies). And all that with flexible working-time models because your time is precious.
